EDGE BAND

SUPA Edge Band is specially manufactured & crafted to provide the best functional and aesthetic solution to the wood industry for a higher quality finish. It is a legitimate completion to the process of building stylish and graceful furniture. SUPA Edge Band is essentially a 0.8mm PVC sealing edge strip that not only protects the substrate edge but at the same time creates the desired sense of realism as it matches with the overall surface. Technically created to resist scratch, have strong UV adhesion, and have good anti-yellow performance. SUPA Edge Band is presented in 22mm width but can be customised for bulk & project orders. SUPA Edge Band can be machined easily with standard carpenter's tools.

Technical Parameters of the Product

- PVC sealing edge strip has better resistance to heat, chemicals, and abrasion, it also gives wood grains, fabrics, solids and other patterns of realism in three dimensional sense.
- Trim edges without whitening, and it is easy to paste.
- Environmentally friendly and safe materials are used. The product passes every SGS test. It has high UV adhesion, good scratch resistance, good elasticity, is difficult to deform, bends without turning white, and is difficult to fall off. It also has strong UV protection and anti-yellowing properties.
- The high PVC content is SUPA Edge Band ensures the best quality of the base material while also ensuring non-whitening after trimming.
