SUPA®
EDGE BAND

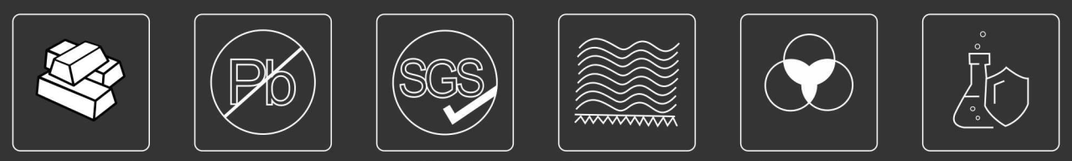

EDGE BAND

SUPA Edge Band is specially manufactured & crafted to provide the best functional and aesthetic solution to the wood industry for a higher quality finish. It is a legitimate completion to the process of building stylish and graceful furniture. SUPA Edge Band is essentially a 0.8mm PVC sealing edge strip that not only protects the substrate edge but at the same time creates the desired sense of realism as it matches with the overall surface. Technically created to resist scratch, have strong UV adhesion, and have good anti-yellow performance. SUPA Edge Band is presented in 22mm width but can be customised for bulk & project orders. SUPA Edge Band can be machined easily with standard carpenter's tools.

Technical Parameters of the Product

- PVC sealing edge strip has better resistance to heat, chemicals, and abrasion, it also gives wood grains, fabrics, solids and other patterns of realism in three dimensional sense.
- Trim edges without whitening, and it is easy to paste.
- Environmentally friendly and safe materials are used. The product passes every SGS test. It has high UV adhesion, good scratch resistance, good elasticity, is difficult to deform, bends without turning white, and is difficult to fall off. It also has strong UV protection and anti-yellowing properties.
- The high PVC content is SUPA Edge Band ensures the best quality of the base material while also ensuring non-whitening after trimming.

Features

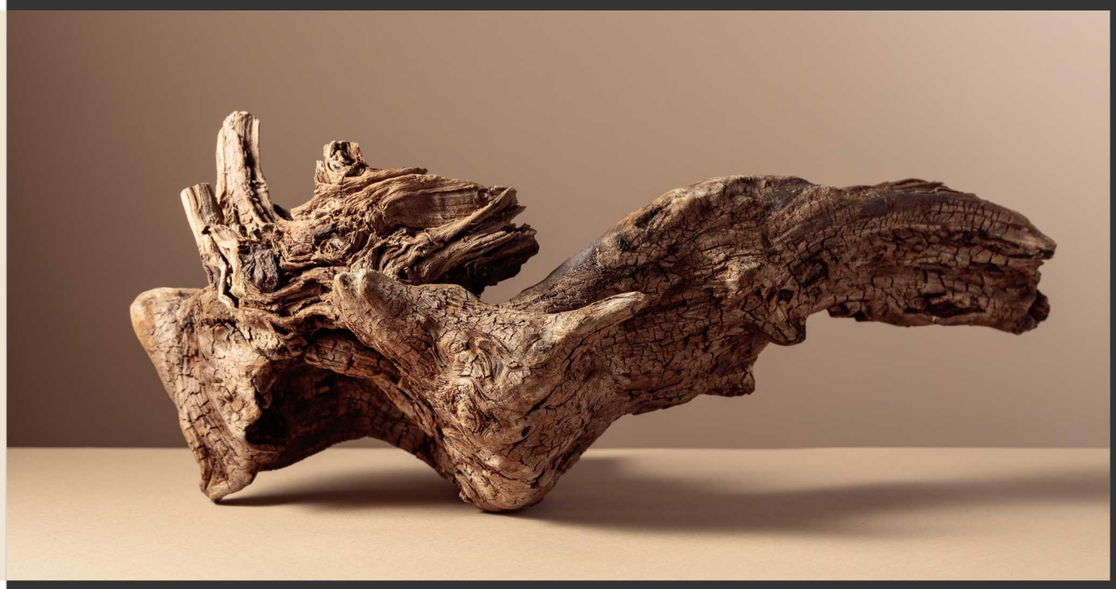

No Heavy Metal | Lead Free | SGS Certified | Abrasion Resistance | Colour Stability | Chemical Resistance

Types : Standard, post forming, compact, cabinet liners, backer
Size : 2440 mm x 1220 mm [8'x4']
Thickness : 1.00mm(±10%)

Care & Maintenance : Cleaning should be carried out with a soft moist cloth and warm soap solution. Do not use detergents containing abrasive particle or excess soda.

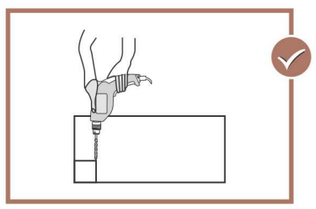

Highlight:
- Design from genuine imported base paper.
- Manufactured using best quality kraft paper.
- Use of best chemical raw materials for better flexibility & durability.

Disclaimer: Customers are advised to reconfirm selected laminate when placing orders as our liability does not include claims arising from sample chip pasting error. Samples presented are indicative of color, pattern and surface finish but not of actual thicknesses. All metallic patterns series recommended for vertical application only.
Limited Warranty: Company warrants that its products are reasonably free from manufacturing defects. The products when properly used, will comply, with normal deviation, related manufacturing specifications. This warranty shall be limited only to the original buyer for a period of care. It is recommended that the products must be inspected prior to installation and our liability will be limited to the extent of the cost of the products only. Our products are used for various applications without the possibility of control over the manufacturing of the finished products. The Company does not assume obligations or liabilities arising from the furnishing, sale, installation or repair, use or subsequent sale of any product, to any person or entity.

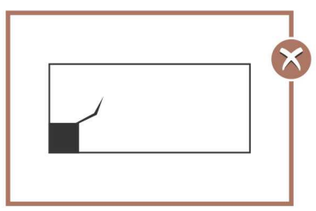

Do not use nail and hammer while cutting such Corner, Grew, Angle, and Designs.
Use only drill while cutting such Corner, Grew, Angle and Designs.

Do Not Use Nail And Hammer While Cutting Such Corner, Grew, Angle, Designs.

Use Only Drill While Cutting Such Corner, Grew, Angle, Designs.

DO Not Cut Laminate Sheet At 90° It May Possible Crack While Laying Sheet.
