Experience Your Laminate Like Never Before

HOME

Like Never Before. Designed to Inspire.

WHO ARE WE?

Supa Laminate is dedicated to delivering premium decorative laminates that combine style, strength, and durability. Our collection is designed to enhance modern interiors with elegant finishes, rich textures, and long-lasting performance. With a focus on quality and innovation, Supa Laminate brings surfaces to life, helping architects, designers, and homeowners create spaces that are both beautiful and functional.

At Supa Laminate, we believe every surface tells a story. Our laminates are crafted with precision to offer outstanding design, durability, and versatility for contemporary interiors. From sophisticated textures to timeless finishes, Supa Laminate provides solutions that transform ordinary spaces into extraordinary environments.

Innovation

At Supa Laminate, innovation is at the heart of everything we create. We continuously explore new textures, finishes, and design possibilities to bring modern and inspiring surfaces to life. By combining advanced technology with creative thinking, we develop laminates that not only enhance aesthetics but also deliver durability and performance for contemporary interiors.

Range

Supa Laminate offers a wide and versatile range of laminates designed to suit every style and space. From elegant wood finishes and sophisticated marble textures to modern solid colors and designer patterns, our collection brings endless possibilities for interior design. Each laminate is crafted to combine beauty, durability, and functionality for residential and commercial applications.

Quality

At Supa Laminate, quality is the foundation of everything we do. Each laminate is crafted using advanced technology and high-grade materials to ensure superior strength, durability, and flawless finish. Our commitment to strict quality standards ensures surfaces that remain beautiful and reliable for years to come.

LAMINATES

HIGH-TECH LAMINATES FOR AN UNRIVALLED, LONG-LASTING EXPERIENCE

Supa Laminates are designed with advanced technology to deliver superior performance and long-lasting beauty. Featuring anti-fingerprint properties, the surface stays clean and elegant by reducing visible marks and smudges. The laminates are also heat resistant, making them suitable for everyday use in kitchens and workspaces. With a strong scratch-resistant layer, Supa Laminates maintain their smooth finish and stylish appearance even with regular use, ensuring durability and reliability for modern interiors.

SUPERIOR LIGHT FASTNESS PERFORMANCE (UV RESISTANCE)

Supa Laminates are crafted using advanced technology to deliver outstanding durability and modern aesthetics. Designed to meet the needs of contemporary interiors, these laminates combine style with performance, creating surfaces that remain elegant and reliable even with everyday use.

With innovative anti-fingerprint technology, Supa Laminates help maintain a clean and smooth appearance by reducing visible marks and smudges. The surfaces stay neat and refined, making them ideal for spaces that require both beauty and low maintenance.

In addition, Supa Laminates offer excellent heat resistance and a strong scratch-resistant surface, protecting them from daily wear and temperature exposure. This combination of strength and functionality ensures long-lasting performance while preserving the laminate's original finish and visual appeal.

1MM+ PREMIUM COLLECTION

Supa Laminate offers premium decorative laminates designed to enhance modern interiors with style and durability. With a focus on quality, innovation, and elegant finishes, our laminates provide the perfect balance of beauty and performance for every space.

Functional & Stylish Solutions for Every Interior

At Supa Laminate, we create surfaces that combine strength, design, and long-lasting performance. Our laminates are crafted to bring sophistication and reliability to homes, offices, and commercial interiors.

ARCHITECT STORY

AR. PRIYANKA SHRIVASTAVA
INTERIOR DESIGN STUDIO HINT HOUSE
GHAZIABAD

I have been using products from Supa Laminates since last 10 years and I am very happy with the product quality and variety they offer.

AR. POOJA SARASWAT
SRIJAN SRISHTI STDUIO
GHAZIABAD

I am extremely delighted to share product review of Supa Laminates. Their vast range along with matching Edge Bands solve our all our concerns of interior decor.

AR.SANJEEV KUMAR GOHEL
CONARCH ARCHITECTS
DELHI

I highly recommend products form Supa Laminates considering their experience in wood and interior decor industry.

AR. MUNISH GUPTA,
ARCHRITI CONSULTANTS
FARIDABAD

I have been using all the products of Supa Group. Be it Supa Laminates, Supa Edge Band, Supa Particle Board or Supa MDF. They are truly Redefining Surfaces.

AR. SHARIQ AHMAD
S.A ARCHITECTS
BAREILLY

Cutting edge Technology along with Beautiful Designs and Sturdy Quality. That why I use and also recommend Supa Laminates to all my customers and Fellow Architects from all over the country.

AR. MUDRA SHAH
THE DESIGN UMBRELLA
AHMEDABAD

One Stop Solution to all your interior decor requirements. Supa the name stands tall and bold. I use Supa Laminates in most of my projects because of its diverse product portfolio and designs.

AR. LAKSHMI PRASAD
LEAP STUDIO DESIGN
BANGALORE

Supa Laminates. Quality that lasts forever. Forget about complaints from your client. If you are quality conscious, here is your answer.

AR. PREETHI RAJESH
ADORN SPAZIO
BANGALORE

When you buy laminates from Supa, you also buy peace of mind which comes from their years of experience and expertise. I highly recommend their 1mm + range.

AR. ROHIT LUNAWAT
JJ ASSOCIATES,
BANGALORE

Perfect and Proper Thickness. They deliver what they claim. 1mm+ Thickness. I have personally checked it several times and that is why I am happy to use Supa Laminates for their quality.

AR. PRAKASH SEKHANI
INSIDE STORY
GUWAHATI

Supa has eliminated my hassle of finding the right matching Edge Band for all the designs I apply in my interior decor projects. They offer perfectly matched Edge Bands along with their laminates.

Architecture is the art of transforming imagination into functional spaces that inspire people every day. For architects, every surface, texture, and detail plays an important role in shaping the final experience of a space. Laminates have become an essential element in modern architecture because they offer the perfect combination of aesthetics, durability, and versatility. With a wide spectrum of colors, patterns, and finishes, laminates allow architects to experiment freely and create interiors that are both elegant and practical.

From residential spaces to commercial environments, laminates help bring creative visions to life while maintaining long-lasting performance. Their ability to enhance surfaces with style and reliability makes them a trusted choice for architects who strive to design spaces that stand the test of time.

EDGE BAND

SUPA EDGE BAND is specially manufactured & crafted to provide the best functional and aesthetic solution to the wood industry for a higher quality finish. It is a legitimate completion to the process of building stylish and graceful furniture. SUPA EDGE BAND is essentially a 0.8mm PVC sealing edge strip that not only protects the substrate edge but at the same time creates the desired sense of realism as it matches with the overall surface. Technically created to resist scratch, have strong UV adhesion, and have good anti-yellowing performance. SUPA EDGE BAND is presented in 22mm width But can be customised for bulk & project orders. SUPA EDGE BAND can be machined easily with standard carpenter's tools.

TECHNICAL PARAMETERS OF THE PRODUCT

- PVC sealing edge strip has better resistance to heat, chemicals, and abrasion, it also gives Wood Grains, Fabrics, Solids and other patterns of realism in three dimensional sense.
- Trim edges without whitening, and it is easy to paste.
- Environmentally friendly and safe materials are used. The product passes every SGS test. It has high UV adhesion, good scratch resistance, good elasticity, is difficult to deform, bends without turning white, and is difficult to fall off. It also has strong UV protection and anti-yellowing properties.
- The high PVC content in SUPA EDGE BAND ensures the best quality of the base material while also ensuring non-whitening after trimming.

Types : Standard, post forming, compact, cabinet liners, backer
Size : 2440 mm x 1220 mm [8'x4']
Thickness : 1.00mm(±10%)

Care & Maintenance : Cleaning should be carried out with a soft moist cloth and warm soap solution, Do not use detergents containing abrasive particle or excess soda.

Highlight:
• Design from genuine imported base paper,
• Manufactured using best quality kraft paper,
• Use of best chemical raw materials for better flexibility & durability.

Disclaimer: Customers are advised to reconfirm selected laminate when placing orders as our liability does not include claims arising from sample chip pasting error. Samples presented are indicative of color, pattern and surface finish but not of actual thicknesses. All metallic patterns series recommended for vertical application only.
Limited Warranty: Company warrants that its products are reasonably free from manufacturing defects, The products when properly used, will comply, with normal deviation, related manufacturing specifications. This warranty shall be limited only to the original buyer for a period of care, It is recommended that the products must be inspected prior to installation and our liability will be limited to the extent of the cost of the products only. Our products are used for various applications without the possibility of control over the manufacturing of the finished products, The Company does not assume obligations or liabilities arising from the furnishing, sale, installation or repair, use or subsequent sale of any product, to any person or entity.

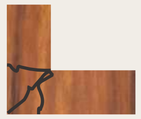

Do not use nail and hammer while cutting such Corner, Grew, Angle, and Designs.
Use only drill while cutting such Corner, Grew, Angle and Designs.

APPLICATIONS

AIRPORT TERMINALS · DISCOTHEQUES · INDUSTRIES · PUBS & BARS · RELIGIOUS PLACES · GYMNASIUMS · SUPER MARKETS · CORRIDORS/HALLS · SCHOOLS · SHOPPING MALLS · OFFICES · HOTELS · DOMESTIC · TRANSPORT HUB

NO CLAIM WILL BE ENTERTAINED FOR AIR BUBBLES

Cutting a laminate sheet at an angle of 90 degree leads to development of cracks in corner after pasting. Therefore it is advisable to avoid cutting at an angle of 90 degrees.
